

Sensillo

Where comfort meets love

Product catalog

Sensillo is a Polish brand specializing in creating safe, functional, and aesthetically pleasing products for babies and toddlers. For years, we have been supporting parents in their daily care for their little ones, offering a wide range of products—from soft textiles and care accessories to practical nursery furnishings.

Our products combine high-quality craftsmanship, safe materials, and thoughtful design that makes life easier for parents and ensures comfort for little ones.

Every Sensillo product is created with attention to detail and child safety—because we know that it's the little things that matter.

SLEEP AND REST

Sleep is the most important moment of regeneration – for both adults and children. The Sensillo brand understands the importance of comfort and safety during rest. In this category, you'll find products that help create the perfect sleep environment. Pillows designed to support healthy head and neck positioning, available in versions for children and adults, made from natural, anti-allergic materials. Solid and flexible mattresses conform to the body, ensuring proper support and a restful sleep. Bedding and sheets are perfectly fitted, soft, and easy to care for.

CARE AND HYGIENE

Products in this category are designed to ensure comfort and safety in everyday baby care. Changing tables and diapers guarantee convenience during care, while bathtubs with matching inserts enable safe and comfortable bathing. Bathrobes provide warmth and protection for your little one after bathing, combining functionality with the highest quality standards.

BATH WASHER

0-12 m

23x14 cm

0,10 kg

40°

100% cotton

- Material: 100% cotton (terry)
- Features: The soft terry cloth structure doesn't irritate baby's skin, and its natural cotton fabric keeps the washcloth clean and fresh for a long time.
- Use: Essential for everyday care and when bathing your baby, it's perfect for gently washing their face and hands, as well as for bathing in the bathtub. The washcloth has a comfortable glove shape, so it fits perfectly to the parent's hand, ensuring comfort while washing your baby.

SENSILLO SAFETY SYSTEM

Sensillo Safety System – an innovative system for securing children on the changing table

Sensillo has obtained a patent for a unique solution that increases the safety of children while changing – the Sensillo Safety System. This innovative system of side protection elements prevents accidental slipping or falling off the changing table.

The system is based on specially designed side protection barriers made of flexible, yet stable materials. These elements create a gentle yet effective safety barrier without restricting the child's comfort or the parent's freedom of movement.

With the patented Sensillo Safety System, changing becomes even safer and more convenient. The system was designed for parents who value a combination of functionality, ergonomics, and the highest safety standards.

FUN AND RELAXATION

At Sensillo, we know that little ones learn best through play. Our plush toys, spirals, and cuddly toys are designed with children's safety and enjoyment in mind. Colorful toys with a variety of shapes and textures support sensory development, teach sound and shape recognition, and encourage little ones to explore the world through touch.
